The following questions ask if you have ever answered this survey before. If you have, it would have been on a device similar to this one, and it would have taken place at the Tijuana airport, the bus station, or the San Ysidro or Otay deportation areas. Also, you would have been offered an HIV test. You may have been given or offered a telephone card to compensate for your time. You may have noticed ID badges with the interviewer's name and picture, as well as their vests showing the project's name "Migrante".

S15. Have you ever completed this interview before? That is, has anyone asked you these same questions or given you an HIV test in this study, or both?

Thank you for answering these questions. Based on your answers, we would like to invite you to participate in a study about HIV, risk behaviors, and HIV testing in migrants. I will give you more information about this study so that you can decide if you wish to participate.

*Interviewer: Give the participant a copy of the consent form and describe the study in detail according to the information included in the form. Ask the respondent to read the consent form, or ask if s/he would like you to read the form to her/him. At the bottom of the form, enter whether the participant gave consent to participate or declined to participate. You should sign the form as witness to the participant's response. You answer the following question and if the participant gives consent to participate, then you may proceed to administer the HIV test or begin the survey.*

S19. Did the respondent consent to participate?

1 Yes

0 No ***Skip to end of questionnaire***

S20. What did s/he agree to? (Choose one)

0 Survey and HIV test(s)

The following questions regard your sexual practices, including oral, vaginal, and anal sex, with women in the past 12 months. This only includes those sexual experiences that you engaged in **VOLUNTARILY**. By "vaginal sex," we refer to sexual relationships where you placed your penis into a woman's vagina. By "anal sex" we refer to sexual relationships where you placed your penis into a woman's anus. By "oral sex" we refer to sexual relationships in which your mouth touches a woman's vagina or when a woman places her mouth on your penis. When we say "Women" we refer only to those who were born female, and not to men appearing to be women.

The following questions regard your sexual practices, including oral, vaginal, and anal sex, with men in the past 12 months. This only includes those sexual experiences where you engaged in **VOLUNTARILY**. By “vaginal sex,” we refer to sexual relationships where a man placed his penis into your vagina. By “anal sex” we refer to sexual relationships where a man placed his penis into your anus. By “oral sex” we refer to sexual relationships in which your mouth touched a man’s penis or when a man placed his mouth on your vagina.

The following questions are regarding the type of men you had sex with. By “stable male partner” we refer to men you had a sexual and emotional or romantic relationship with, such as a life partner or a boyfriend. By “male sex worker,” we refer to men you paid to have sex with (prostitute, escort services). By “casual male partner” we refer to men you had sex with, but had no romantic or emotional involvement, for example a one night stand, friends with benefits, sex buddies, or sex “with no strings attached.” Some questions may sound repetitive but please try to answer all of them. Remember that your answers are very important for our study.

These are all the questions I have, thank you for answering them.

*If the participant took the HIV rapid test, then say:* We're going to review your test results now.

*Interviewer: after giving the test results and post-test counseling, and once the participant has left, answer the following questions on the computer.*

***If S20 is equal to 0 or S20 is equal to 1, then skip to instruction before K1.***

Ok, I understand, thank you for answering the questions.

*[If the participant took the rapid HIV test and the results are not ready say]:*

Since you have to leave, I want to remind you that you'll be able to call in the next 5 to 7 days to get your HIV test results. I'm giving you two business cards; one has your unique identification number and the other the toll-free number and business hours for the Call Center. When you call the toll-free number, give them your identification number to get your results. It is very important that you keep these cards in a safe place, if you lose your identification number, we will not be able to identify your results. Also, remember not to mention to other people the procedure for obtaining your results and keep these cards out of other people's sight, and destroy them once you've obtained your results.

*[Say to each participant]:*

Do you have any questions?

*After answering the questions (if any) say]:*

Okay, thank you very much for your time. Here's your pre-paid phone card and have a great day.
