The following questions are about your sexual practices, including oral, vaginal, and anal sex, with women in the past 12 months. This includes those sexual experiences that you engaged in **VOLUNTARILY**. With “vaginal sex,” we are referring to sex when you place your penis into a woman’s vagina. With “anal sex” we are referring to sex when you place your penis into a woman’s anus. With “oral sex” we are referring to sex in which you place your mouth on a woman’s vagina or sex when a woman places her mouth on your penis. When we say “Women” we are referring to those who were born female, and not to men appearing to be women.

D3. During the last 12 months, with how many women did you have vaginal **or** anal sex?

The following questions are regarding the type of women you have had sex with. With “stable female partner” we are referring to women whom you have a sexual relationship with as well as an emotional or romantic relationship, such as a wife or girlfriend. With “female sex worker,” we are referring to women whom you pay to have sex with (prostitute, escort services). With “casual female partner” we are referring to women with whom you have sex, but with whom you do not have a romantic or emotional involvement, for example a one night stand, friends with benefits, sex/fuck buddies, or women with whom you have sex “with no strings attached.” Some questions may sound repetitive, but please try to answer all of them. Remember your answers are very important to our study.

If the participant took the HIV rapid test, then say: We're going to review your test results now.

Interviewer: after giving the test results and post-test counseling, and once the participant has left, answer the following questions on the computer.

If S17 is equal to 0 or S17 is equal to 1, then skip to instruction before K1.

Ok., I understand. Thank you for answering the questions.

[If the participant took the rapid HIV test and the results aren't ready, say]:

Since you have to go, I'd like to remind you to call in the next 5 to 7 days to get your HIV test results. I'm giving you two business cards: one has your unique identification number and the second the toll-free number and hours of operation for the Call Center. When you call the toll-free number give them your identification number to get your results. We also recommend that you don't tell other people about the procedure to obtain your results, and you should keep these cards out of sight and destroy them once you have your results.

Do you have a question?

[Once you answer the questions say]:

Ok., thank you for your time. Here's your pre-paid phone card and have a nice day.
