Thank you for answering these questions. Based on your responses, we would like to invite you to participate in a study about HIV, risk behavior, and HIV testing in migrants. I will tell you more about this study so you can decide if you would like to participate

Interviewer: Give respondent a copy of the consent form and describe the study in greater detail based on the information contained in the form. Ask the respondent to read the consent form, or volunteer to read the form to her/him. At the bottom of the form, document verbal consent to participate or declining study participation. You should then sign the form to witness the participant's response. If/when the participant indicates consent to participate, you should respond to the next set of questions, and then begin administering HIV tests and/or the survey.

S16. Did the respondent consent to participate?

- 1 Yes
- 0 No ***Skip to Z1***

S17. What did they consent to? (Choose one)

- 0 Survey and HIV test
- 1 Just the survey

The following questions are about your sexual practices, including oral, vaginal, and anal sex, with women in the past 12 months. This includes those sexual experiences that you engaged in **VOLUNTARILY**. With "vaginal sex," we are referring to sex when you place your penis into a woman's vagina. With "anal sex" we are referring to sex when you place your penis into a woman's anus. With "oral sex" we are referring to sex in which you place your mouth on a woman's vagina or sex when a woman places her mouth on your penis. When we say "Women" we are referring to those who were born female, and not to men appearing to be women.

D3. During the last 12 months, with how many women did you have vaginal **or** anal sex?

If D3a is equal to 0 and D3b is equal to 0 and D3 is greater than 0 then I apologize but you said that you had vaginal or anal sex with [D3] women during the last 12 months but then you said that you had vaginal sex with zero women and anal sex with zero women. Let's try again, and skip to D3.

The following questions are regarding the type of women you have had sex with. With “stable female partner” we are referring to women whom you have a sexual relationship with as well as an emotional or romantic relationship, such as a wife or girlfriend. With “female sex worker,” we are referring to women whom you pay to have sex with (prostitute, escort services). With “casual female partner” we are referring to women with whom you have sex, but with whom you do not have a romantic or emotional involvement, for example a one night stand, friends with benefits, sex/fuck buddies, or women with whom you have sex “with no strings attached.” Some questions may sound repetitive, but please try to answer all of them. Remember your answers are very important to our study.

The following questions are about your sexual practices, including oral, vaginal, and anal sex, with men in the past 12 months. This includes only those sexual experiences that you engaged in **VOLUNTARILY**. By "vaginal sex," we are referring to sex when a man places his penis inside your vagina. By "anal sex" we are referring to sex when a man places his penis inside your anus. By "oral sex" we are referring to sex in which a man places his mouth on your vagina or sex when you place your mouth on a man's penis.

The following questions are regarding the type of men you have had sex with. By "stable male partner" we are referring to men whom you have a sexual relationship with as well as an emotional or romantic relationship, such as a husband or a boyfriend. By "male sex worker," we are referring to men whom you pay to have sex with (prostitute, escort services). By "casual male partner" we are referring to men with whom you have sex, but with whom you do not have a romantic or emotional involvement, for example a one night stand, friends with benefits, sex/fuck buddies, or men with whom you have sex "with no strings attached." Some questions may sound repetitive but please try to answer all of them. Remember that your answers are very important to our study.

HIV Test Results

These are all the questions I have for you. Thank you very much for answering them.

[If the participant did not agree to an HIV test (S17=1), say:]

Thank you for your time. Here's your pre-paid phone card and have a nice day.

[If the participant did agree to an HIV test (S17=0), say:]

Let's now check on the results of your rapid test.

Interviewer: After giving the participants the results of their HIV test, providing post-test counseling and giving the participant their phone card. Once the participant has left, then skip to instructions before K1.

[If the participant took the rapid HIV test and the results aren't ready, say]:

Since you have to go, I'd like to remind you to call in the next 5 to 7 days to get your HIV test results. I'm giving you two business cards: one has your unique identification number and the second the toll-free number and hours of operation for the Call Center. When you call the toll-free number give them your identification number to get your results. We also recommend that you don't tell other people about the procedure to obtain your results, and you should keep these cards out of sight and destroy them once you have your results.

Do you have a question?

[Once you answer the questions say]:

Ok. thank you for your time. Here's your pre-paid phone card and have a nice day.

Skip to instructions before K12.
